

SECURITY ALERT – Fraud Linked to Major Retail Merchant (Target)

Martin Federal Credit Union is working to identify and monitor the accounts reported to be tied to unauthorized access to payment card data obtained while members were shopping at Target, a national retailer.

If you used your debit or credit card at Target between November 27 and December 15 or if your REDcard is linked to your Martin FCU account, please check your accounts and continue to monitor your card activity. If you see fraudulent activity, please contact us immediately at 407-857-6328 x4000

To ensure prompt notification of fraudulent activity on your account we ask that you verify and update your contact information.

Target has reported approximately 40 million credit and debit card accounts may have been impacted between November 27 and December 15, 2013. Target has engaged a data security firm to conduct an onsite forensic investigation.

Additional information is available at Target's corporate [website](#).
